Gifts that make a statement

How to create the perfect Christmas table

Edible Blooms has Australia's largest network of gift delivery stores, which means we can offer the fastest delivery on high quality gifts.

For more than 11 years, companies have trusted us to say thank you and to celebrate anniversaries, milestones and birthdays for their valued customers, team members and suppliers.

Every single gift in these pages is handcrafted and made fresh daily by our team of qualified florists. No order is too big and we're experts at personalising gifts with your company branding on beautiful gift cards and ribbons.

We're here to help you surprise, delight and deliver joy this holiday season.

'Tis the season to share the love

You know that wonderful warm glow you get when you find the perfect Christmas Gift for someone special – and you're waiting to hear how much they adore it? We love that feeling too! It's what inspired us to create Edible Blooms back in 2005, and it still motivates everything we do today. This Christmas, we want to share that feeling across Australia by making it super easy to say thanks ... for everything.

Acknowledge amazing

Think back to your corporate highlights of 2016. Like when a terrific team member made your heart sing. Or a supplier went the extra mile to save the day. Or a loyal client sang your praises and reminded you why you got into business in the first place. Christmas is the perfect time to celebrate amazingness and give thanks.

Eat, share and be merry

They're our biggest sellers every year and for good reason: nothing says WOW like a shiny, sumptuous Christmas tree that's designed to be devoured. It's the gift that makes a huge statement. It's the gift you give the whole team. It's the gift you bring when you don't need to bring a thing. They'll be talking about it all year...
